

Snappt Strategic Partnerships Program

Snappt's strategic partnerships syndicate allows property management software companies and other vendors to enrich their workflow with the Snappt API to better serve their end-user customers. We offer two path's to becoming a Snappt partner, 'Powered By Snappt' and 'Co-Branded':

POWERED BY S N A P P T

- The partner integrates the Snappt API directly into their technology
- The partner maintains the relationship with their end-user customer (pricing, billing, etc.)
- Snappt provides preferred reseller fee structure to the partner, allowing them to mark-up
- The partner has the opportunity to display or omit the Snappt branding as a part of their solution
- The partner has dedicated dispute resolution provided by Snappt for its end-user customers

CO-BRANDED

- The partner places Snappt into their technology as a referral agent
- Snappt then onboards the end-user customer directly and maintains the relationship (pricing, billing, etc)
- The partner receives a monthly referral fee (marketing incentive) that is pre-negotiated based on the volume of clients the partner refers
- Snappt promotes the partner and provies co-branding opportunities via webinars, listing on partner directory and joint marketing campaigns

WE ARE A DATA-DRIVEN FRAUD DETECTION COMPANY
